Biography

Born in the sun-drenched landscapes of Marseille, Charlotte Lapalus creates photographic narratives with a cinematic style. Her profound sensitivity to human connections, especially in empowering women, sets her apart. Intimacy and elegance are at the heart of her craft: whether capturing the intimate poise of fashion and beauty, the subtle interplay of light in landscapes, or the stark lines of architecture, each of her images invites viewers into a world of serene contemplation.

Charlotte's distinctive approach has drawn the attention of prestigious clients like Van Cleef & Arpels, Hermes, Dior, Polène, Belmond, among others.
